Product Data Sheet
SORB®XT PP-Pipe

Article	SORB®XT PP-Pipe 1.500x150
Article No.	100410/PP
Dimensions (mm)	1.500x150
Weight (lkg)	1,70
Absorption capacity (l)	22,60

Product Information:

Recommended use

- surface protection / mobile emergency aid for smaller quantities on solid ground and on water
- as a barrier and absorption medium for use on calm and flowing water, both salt and fresh water
- for preventive measures

Application

- place the pipe directly on the contaminated area and wait until it has reached its full absorption potential (the pipe will be completely in the colour of the contaminated material)
- areas of application: plants, companies, environmental protection, traffic, on water/roads/asphalt, normal floors, industrial sites, special floors, water surfaces

After application

- collect the pipe with disposable gloves
- please dispose of the contaminated material in accordance with the applicable laws and municipal regulations

Storage

- store in a dry place with low humidity

Properties

- filled with finely padded polypropylene
- hydrophobic
- floats on water
- keeps contaminated substances bound after use
