Product selection:

SORB®XT Multi-Absorber 15L-Bag
The Multi-Absorber in the 15L bag is a 100% organic absorbent that takes up almost all substances - except water - within seconds. With a net weight of only 2.3 kg, it can bind up to 11 liters of liquid. This makes it ideal for fast and safe use on water, roads, and almost all surfaces.

To the product

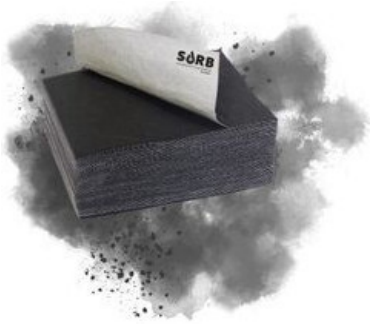
SORB®XT Stain Solution Pro ECO 1L Sprayer
Stain Solution Pro ECO is a biodegradable, pH-neutral cleaner for oil and fuel stains. It is perfectly suited for cleaning plastic, metal, glass, and other surfaces, and easily removes even old oil stains quickly and effectively.

To the product

SORB®XT Mobile-Kit 60L
Small, light, precise!
Perfect for storing your small parts in trucks, as well as in workshops and industrial settings.

SORB®XT Oil Mat
The mat is specially designed to absorb hydrocarbons such as oils, fuels, and lubricants, while repelling water. The non-slip PE film on the underside reliably prevents substances from seeping into the ground, even when fully saturated.

To the product



SORB®XT Absorption Mat
Like the OM version, the mat absorbs hydrocarbons. In addition, it also absorbs acids and water. The non-slip PE film on the underside reliably prevents substances from seeping into the ground, even when fully saturated.

To the product

SORB®XT Set-Accessories
The set includes acid-resistant gloves and protective goggles for your safety, a sturdy 120L trash bag in SORB® design, and a shovel kit to allow you to collect the material quickly, directly, and cleanly on site.
