🚢 SORB on Tour – We're packing for SMM!

From **September 1 to 4**, SMM will take place – and we'll be right in the middle of it.

Right now, our team is busy packing boxes, checking processes, and coordinating the final details to make sure we don't just present products on site, but showcase real solutions that can make a difference when it matters most.

Because that's what SMM is all about: not just looking at technology, but understanding how innovation can create real safety and reliable solutions for critical situations.

What can you expect? Here's a little preview...

Without giving too much away just yet: we'll be bringing some of our key products to Hamburg. Discover solutions for **flood protection, oil spill response, and maritime safety** – presented in a compact, practical way and explained through real-world applications.

More insights on Instagram

If you'd like to get a sneak peek before the exhibition, be sure to follow us on Instagram.
Our SMM countdown is already underway, where we're introducing some of the key products we'll be showcasing at the event.
In short: get a taste of SMM before it even begins – right on your phone.

Visit our Instagram

We look forward to seeing you!

SMM is always one of the highlights of our year. It's not just about showcasing our products – it's about meeting you, exchanging ideas, and discussing practical solutions to real-world challenges.

So, if you're in Hamburg, be sure to stop by and say hello.
Hall B7 – Booth B7.714

We're ready. 💙
